

Year 2
Maps

MAPS

A map is a **two-dimensional** drawing of an **area**. Maps can show the countryside, a town, a country or even the whole world! They are used to help **plan routes** from one place to another, or to find certain **features** such as castles or hills.

Different types of map are used for different things depending on whether you are walking, driving or even flying somewhere. Maps can be on paper or on a mobile phone, tablet or computer.

Key Vocabulary

Aerial View	A view from above
Floor plan	The layout of rooms on one floor of a building
Human Geography	Features of land that have been impacted by human activity
Physical Geography	Natural features of land
Route	A way from one place to another
Surrounded	To be present all around
