

Year: 5

Term: Spring 1

Instructions:

1. Choose which homework tasks you want to do.
2. Complete your homework task and bring them into school on Monday 3rd February. (please do not bring any in before this date as we don't have space to store it)
3. Please ensure all work has your child's name on.
4. Bring an adult to see everyone's homework at our *Homework Showcase* on Monday 3.20pm.

Tasks I have chosen (/)	Homework Tasks
	Combine the features of two animals from the rainforest to create your own new animal. Make a fictional fact file for it. What name would you give it? Which features did you choose and why?
	Design and make a rainforest model. What could you use from our natural/man-made environment? Think about the plant layers e.g. shrub layer, under canopy
	Write an imaginative story about the life of a child surviving in the rainforest. How did they get there? Where will they end up? What will they see? Who or what might they be afraid of?
	Create a rainforest board game. The aim of the game is to help other children learn the keywords or facts about a rainforest!
	You should design a new plant and list the features that this plant has. What is its purpose? Why should the company make it? Does it have any other benefits? Show what the plant looks like and give a description that will convince the company to produce it.
	Design a poster showing the dangers of deforestation
